Note A
 Some sharp fellows at Pikes Peak Gun Club caught my error. After discussing it with Gwen Chermack, the Colorado NRA Field Representative, here's what happened and how we'll fix it.
 I misread the table of winning numbers. For the week of 7/9/2011, I mistakenly read the winners for the week of 4/9/2011 and didn't realize my mistake until after I notified the 4/9/2011 winners that they also won for 7/9/2011. So, #1923 and #0319 won in place of #0584 and #1069, winning twice and we'll honor that. Additionally, I inadvertently awarded #1069 on 7/29/2011 instead of #0626. The upshot of those two mistakes is that we have two unrecognized winners, #0584 and #0626.
 In order to make it right with the winners who I mistakenly overlooked, we'll purchase two new prizes for them. Both the Legacy 357 Puma Rifle & Knife combo prize listed for 7/4/2011 and the Henry 22 Lever Action rifle listed for 7/29/2011 are no longer available, but we can get more Taurus Judge 410/45 Colt SS revolvers, which is the prize listed for 7/8/2011. We have offered that Taurus Judge, which is the most expensive of the three prizes involved, to each of the slighted winners, #0584 and #0626.
 I sincerely apologize for these mistakes. Please call me if you have any questions.
